

# Varden Plants

Edible Plant Subscription Program for supply and periodic re-supply of garden plants for indoor and outdoor vertical gardens

\*Planted Vardensok or Ellepots deliver in trays shipping boxes of 4 each, pre-planted with 3 plants per

\*Each live plug mix delivers in boxes of 36 plants that will fill one Varden Vertical Garden Kit with 3 species (two rows per species)

[Fast Start Plants](#)

# Rotation of Planted Media

(Initial program based on Varden Kit quantities)

- When initial planted media carriers are ready for rotation due to harvesting
- All 12 Vardensok or Pouches in each indoor kit are removed and composted or in the case of Vardensok, can be re-planted with our **Fast Start Plants**
- Charge for new [pre-planted Vardensoks](#) is **\$20 each** with 3 plants per
- Cost for the full kit 12-sock rotation is \$20 ea. x 12 sock @ **\$240 picked up**
- If rotation is planned for **60-day interval**, then the monthly program budget cost is **\$120 / Month**
- [Planted Vardensok](#) ship at 4 per box @ \$80 - **delivery cost will be quoted**
- Client to determine number of socks for rotation and interval
- Client to request rotation dates and advise of species to be installed **based on species availability and lead times shown on website**
